Centro Modular Displays

Flexible, fast and simple to set up with a premium look

Our range of modular displays offer premium design display solutions, ideal for showcasing a brand and its messaging in almost any environment. Flexible, cost-effective and easy to set up, these versatile displays can be added to at any time to make larger stands, meaning that a single display can grow as a company's needs change.

Displays are easily transportable and can be used at exhibitions and events, reception and foyer areas, museums, retail environments and many more locations. In contrast to similar modular displays on the market, the range features our new RotrLink 'twist and lock' technology making the setup process quick, fast and simple.

The range features curved and straight displays which can hold both rigid and flexible graphic panels, with everything packing away neatly into wheeled trolley cases at the end of the day. Available accessories include a choice of coloured podium tables, counter units, shelving options, brochure holders, slat wall panels, screen mountings, lighting options and even door units. All displays have a choice of coloured acrylic tops to match any main branding colour and, as always, the entire range is covered by our 5 year guarantee.

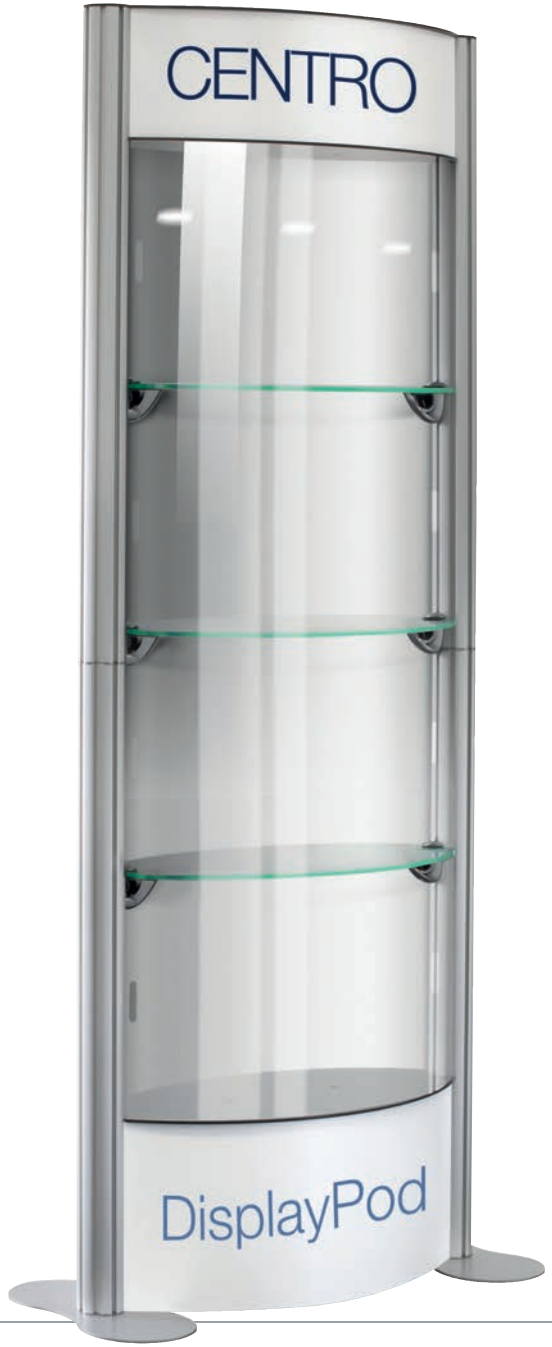
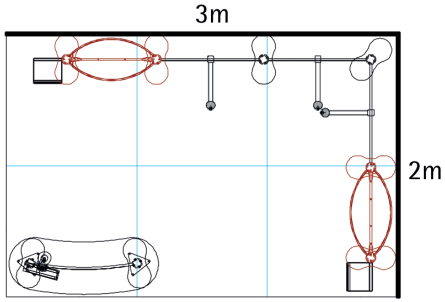
Centro Display Pod



Centro Display Pod

- Product code - CRSK/62/Black
- Innovative multifunctional product display unit which can be used in a variety of combinations including 'fully closed' dual aspect viewing
- Featuring ingenious RotrLink post/base & post/post connection
- The uniquely shaped 8mm thick 'green edge' acyclic shelves supported by chrome adjustable shelf brackets will each accept 12kg of evenly distributed product
- Generous individual display spaces - 616(w) x 300(d) x 360mm(h)
- Maximum overall stand dimensions - 868(w) x 380(d) x 2016mm(h)
- Includes 4 off 3mm Foamex header and base panels for promotional graphic display/corporate information
- All kits supplied dismantled for ease of transportation
- Supplied with 8 off 'glass clear' 2mm polycarbonate infill panels to shield and protect display products
- Individual panels can be replaced with printed graphics to create a distinctive visual backdrop
- 4mm hex key and cross head screw driver supplied for complete assembly
- Compatible with entire Centro range
- Ship safe durable carton measurements - 2 x 1020(w) x 500(d) x 240mm(h)
- Net weight - 27kg
- Packaged weight - 34kg (cartons)



Centro Wheeled Trolley Case

- Optional 2 off moulded wheeled trolley cases

RotrLink System

- Display pod 'fully open' providing dual aspect viewing
- Allows products to be handled from both sides of stand

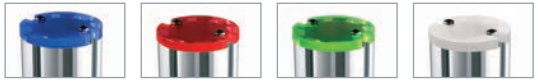
- Display pod 'open one side' providing single aspect viewing with option of graphic back drop panels
- Allows display products to be handled

- Display pod 'fully closed' providing single aspect viewing with option of graphic back drop panels
- Supplied viewing panels shield and protect display products

- Display pod 'creative use' of all possibilities providing unique double-sided option
- Allows products and graphics to be viewed in a variety of ways

Centro Cable Display

Coloured acrylic features, neon blue, red and green or frost.



RotrLink System

Centro Suspended Poster Display

- Innovative multi-purpose freestanding modular poster display unit - six standard kits
- Features easily assembled Centro RotrLink post/base and post/post connection
- Premium quality double-sided clear acrylic display poster pocket holders
- Unique robust anodised aluminium posts, profiles and silver steel bases
- Chrome connectors, stainless steel hanging wire and hex keys supplied
- Range of coloured contemporary acrylic post caps and accessories
- All kits supplied dismantled for ease of transportation
- Compatible with the entire Centro range (as illustrated)
- Ship safe durable carton measurements - 1020(w) x 500(d) x 240mm(h)
- Maximum overall stand dimensions - 1006(w) x 380(d) x 2021mm(h)

Clear Acrylic Holders

- Five standard sizes available - A5L, A4P, A4L, A3L and 500 x 700mm
- Thermoformed one piece acrylic to optimise pocket strength
- Ease of assembly

Kit 1

- Product code - C1SP1/75
- 4 x A4 Portrait double-sided 2mm thick clear acrylic poster holders
- Packaged weight - 19kg (carton)

Kit 2

- Product code - C1SP2/75
- 8 x A4 Portrait double-sided 2mm thick acrylic poster holders
- Packaged weight - 21kg (carton)

Kit 3

- Product code - C1SP3/75
- 5 x A4 Landscape double-sided 2mm thick acrylic poster holders
- Packaged weight - 20kg (carton)

Kit 4

- Product code - C1SP4/75
- 4 x A3 Landscape double-sided 2mm thick acrylic poster holders
- Packaged weight - 21kg (carton)

Kit 5

- Product code - C1SP5/75
- 2 x 500 x 700mm Portrait double-sided 3mm thick acrylic poster holders
- Packaged weight - 29kg (2 x cartons)

Kit 6

- Product code - C1SP6/75
- 6 x A4 Portrait and 6 x A5 Landscape double-sided 2mm thick acrylic poster holders
- Packaged weight - 22kg (carton)

Centro Slatwall Display

Centro Slatwall Display

- Product code - C1SK/75
- Innovative single-sided multifunctional product display
- Self–assembly display featuring ingenious RotrLink post connection
- Stylish inter-locking white slat wall panels (set of 5) - each 766(w) x 310mm(h)
- Slatwall visual area when assembled - 750mm(w) x 1540mm(h)
- Graphic display opportunity on spacer panel – visual area 750(w) x 350mm(h)
- Compatibility with the entire Centro range
- Wide range of slatwall accessories available
- All kits supplied dismantled for ease of transportation
- Maximum overall stand dimensions - 1006(w) x 380(d) x 2016mm(h)
- Ship safe durable carton measurements - 1020(w) x 500(d) x 240mm(h)
- Packaged weight - 23kg (carton)

Coloured acrylic features, neon blue, red and green or frost.

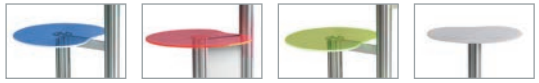
Non – standard accessories on application

Accessories

Centro Podium Kit

- Product code - CPTS
- Ergonomically designed acrylic top available in neon blue, red and green or frost
- Contemporary design to enhance visual impact of modular display system
- Clamps securely to Centro system post in a variety of positions
- Podium top dimensions - 500(w) x 443mm(dia)



Centro Counter Kit

- Product code - CRCC
- Elegant high quality anodised aluminium curved modular counter
- Freestanding display with pearl white laminate counter top supplied
- Featuring ingenious new RotrLink post/base connection
- Overall dimensions - 1092(w) x 440(d) x 1025mm(h)
- Net weight - 19.1kg
- Packaged weight - 23kg

Brochure Holder Set

- Product code - CLPS
- Colour co-ordinated acrylic A4 portrait brochure holder
- Available in neon blue, green and red, or standard frost
- Thermoformed one piece acrylic to maximise strength
- Simple 'hook over' style fitting

Centro Wheeled Trolley Case

- Product code - CTC1
- Stylish and durable moulded plastic case with rubber wheels
- Detachable lid with moulded handle and 3 lockable latches
- Convenient side carry handle
- White lined tube - 254mm dia. x 980mm (holds 4 x 1990mm graphics)
- Overall dimensions - 520(w) x 440(d) x 1130mm(h)
- Internal dimensions - 460(w) x 360(d) x 912mm(h)
- Nominal net weight including tube without graphics - 8.9kg
- Converts to counter display with simple application of graphic wrap
- Quality assured - 12 months guarantee
- Packaged weight - 12kg

- Product code - CTCT1
- Optional laminated folding top available in beech or black with padded bag

Centro Door Frame

- Product code - CDKS/75
- Innovative 1900(h) x 750mm(w) hinged door design for 5 to 7mm thick rigid panels
- Modular anodised aluminium construction with door handle, quarter turn lock and 2 keys
- 4mm hex key and cross head screw driver supplied for complete assembly
- Compatible with the entire Centro range
- Low profile threshold door bar complies with Heath & Safety requirements

Spotlight

- Product code - CSP2
- 50w silver low voltage spotlights
- Contemporary perforated lamp cover
- Vertically tilting head design
- In-line transformer and power lead 3m long

Halogen Lamp

- Product code - CHL2
- 150w silver halogen lamp
- Stylish design with 360° pivoting head
- Power lead 3m long

4mm Hex Key

- Product code - CTH4
- High strength nylon handle
- Ergonomic handle for maximum grip and comfort

Quadrant Shelf Kit

- Product code - CQSK
- Stylish shelf with pre-assembled secure mounting bracket
- Self-select desired shelf position and height
- MDF shelf with membrane pressed durable coating available in grey or white
- Shelf dimensions 300mm(dia)
- Net weight - 1.2kg

iPad Post Mounting Kit

- Product code - CiP/K5
- iPad holder and Centro interface mounting bracket supplied
- Enclosures in textured black or white finish
- Rotates 360°
- Overall holder dimensions
  - Portrait - 206(w) x 58(d) x 294mm(h)
  - Landscape - 294(w) x 58(d) x 206mm(h)
- Packaged weight - 3kg

Screen Mounting Kit

- Product code - CSMK1
- Special expanding bracket clamp with heavy-duty screws to secure screen to post
- Uncomplicated assembly with 5mm hex key supplied
- Maximum screen size 22 inches - for the option of mounting larger screens see the Centro kits in AV section
- Screen not included

Centro Audio Visual Solutions

Stunning multimedia displays with huge power to engage

When it comes to getting a brand noticed in a crowded space, video is without doubt one of the strongest mediums to use. We are all naturally attracted to movement and light so it is no surprise that the use of video across all types of marketing continues to grow at an astounding rate, while production costs drop by the day.

If you ever stop to look around at a crowded event, you will notice the stands attracting the lion's share of people's attention are almost always displaying engaging video content. By using just static printed graphics, it is usually very difficult for companies to explain their offering in the short time that new prospects give to decide whether to explore further, or walk away. An eye-catching video with entertaining content can give brands that extra time they need to get the message across clearly.

Our Centro multimedia range is capable of holding both 32" and 42" screens and are available in a range of different sizes and layout configurations. When dismantled the entire displays, including the screens, will fit into a series of practical, wheeled cases making these kits extremely portable display solutions with huge power to engage audiences.

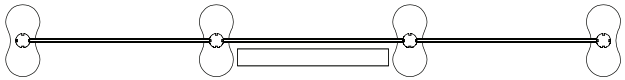
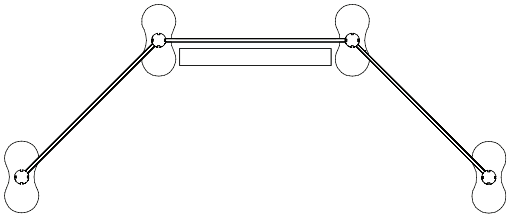
- Footprint - 3254(w) x 380mm(d)
- Overall graphic dimensions - centre & outer panels 3 x 1990(h) x 950mm(w)



Kit 4 Alternative Layout

- Footprint - 2652(w) x 1106mm(d)
- Overall graphic dimensions - centre & outer panels 3 x 1990(h) x 950mm(w)



Please note screen and graphics not included

Centro Self-build Exhibition Stands

Flexible and portable with countless possible configurations

When you are looking for a flexible solution that bridges the gap between portable displays and custom built stands, look no further than our range of modular self-build stands. These displays can be reused, reconfigured and are easily transportable – making them the perfect choice for companies that are looking for a cost-effective display that delivers big impact and an even bigger return on investment.

The beauty of the modular range is that the display can develop and grow to suit an expanding company with changing needs. The built-in flexibility means that stand components can easily be added to, or removed, to create a new layout to suit whichever space is needed. It is quite possible to use the same display at small regional shows as well as larger national and even international events and if the graphics are replaced with new branding and messaging, it's possible to have a fresh new look to your stand whenever you so desire.

On the pages that follow you will see some example layouts which start to show the many different configurations that are achievable using our range. To build the perfect display, you have the option of integrating lighting, shelving, podium tables, slat walling, counter units and even iPad stands into your stand design. All components are built to the high standards you'd expect and the entire range is backed up by our 5 year guarantee.
