

Pop Up Event Bin (NW)

www.miragedisplay.co.uk

Artwork requirements

- Please set up at the scale of the template supplied
- Take note of the bleed guidelines and Seam guides.
- Please create artwork using Illustrator CS or supply as a High Resolution PDF.
- If using photographic images or heavy tinted images then please supply using Photoshop CS at a minimum of 72dpi at 100%. For best results apply text in Illustrator.
- Please outline ALL fonts when supplying the artwork.
- If an accurate colour match is required please supply a Pantone / CMYK colour or send a printed reference. We will then match to this as closely as possible but cannot guarantee an exact match.
- Artwork can be supplied by either email, CD/DVD or uploaded to our website www.miragedisplay.co.uk, select Artwork then select Upload Artwork and follow instructions.

Illustrator

- Save as CMYK at final size / full size
- OUTLINE ALL FONTS
- Turn off all Overprints, supply all Links and flatten Transparency
- If supplying a High Res PDF do not compress and supply with all bleed and crop marks

Adobe Acrobat

- If supplying a PDF as your final artwork, ensure all images are not reduced / compressed, crop marks and bleed are included and visual lines are not included inside the artwork.

Photoshop

- Set up CMYK at 100% at a minimum of 72dpi
- Supply a low resolution PDF for visual purposes
- If artwork set up in Photoshop, text/logos will not be vectored and will have some pixelation when printed full size,
- supply the layered Photoshop document (PSD file).

We don't print Gold or Silver, so these are the best colour conversions we recommend for Gold & Silver

When using the Pop Up Event Bin templates, please do not reposition or rescale the template, as the position is necessary for printing & please outline all fonts used.
